

How can Home Support North assist you?

About Us...

We are Northland's largest Home Support Service Provider and have been operating since 1994.

We are an approved provider of home support services and are funded by the Ministry of Health and Northland District Health Board. We are a non-profit, community-based service.

We are certified to the Home and Community Support Sector Standards.

Individualised funding is specifically designed to allow someone living with a disability, greater choice on how services can be delivered with personal choice about who comes into their home and what their employee does.

So how can Home Support North assist you?

Option One: Self Managed System

Client/Agent/Support Person will receive information and coaching on setting up and managing Individualised Funding requirements:-

- Employing Staff/Recruitment
- Individual Employment Agreements (IEA)
- Employment Relations/Obligations
- PAYE & tax requirements (via myIR)
- Kiwi Saver
- Support Plans
- Health & Safety
- Managing separate IF funding budget

Home Support North will invoice the Ministry of Health on your behalf and make payment for wages or services utilised.

In order to be eligible for option one you need to have access to email, internet, electronic banking and an adequate payroll system.

Option Two: Payroll Support System

In addition to option one we would run a payroll for you. You need to complete a IR597 giving us authorisation to access online PAYE filing.

Additional Services

Home Support North can offer the following additional services, support or advice which may incur an additional cost:-

- Relief Employee
- Employee training
- Performance Reviews
- Employee Induction
- Paperwork & form samples
