Subject: Upper Northland will move to Alert Level 3 at 11:59pm on Tuesday 2 November 2021.

Hi All

Just a quick update to advise that the Far North is moving to Alert Level 3 from 11.59pm on Tuesday 2 November 2021. A boundary will be put in place which will run through the centre of the Hokianga Harbour to the Mangamuka Junction on SH1 to the Kaeo River Bridge on SH10 and East Bay. This will be reviewed on Monday 8 November 2021. **The rest of Northland remains at Alert Level 2.**

There is a link on the Government Covid-19 website where you can type in your address to check which level if you are unsure <https://covid19.govt.nz/travel/permitted-travel-at-different-alert-levels/alert-level-boundary-map/>

This means that all non-essential services (supervision, HC, shopping, activities & flexi hours) are to cease immediately (except for ACC Clients). Support Worker travel and activity should be reduced as much as possible until all contact tracing and further testing confirms places of interest and original source of current cases. Please maintain the use of the Covid tracing APP or manually keep records of where you go and be extra diligent with PPE use – masks, gloves and hand sanitiser.

Please let EST know if you need an ID Letter to travel to your Clients.

Kind Regards

**The Management Team
Home Support North Charitable Trust**

Latest Update from Northland District Health Board as below:-

There are currently 11 active COVID-19 cases and three recovered cases in Northland.

There have been three confirmed Locations of Interest related to the Kaitaia cases.

Farmers, Kaitaia 29 October 12:21 pm - 1:30 pm

Self-monitor for COVID-19 symptoms for 14 days after you were exposed at this location of interest. If symptoms develop, get a test and stay at home until you get a negative test result AND until 24 hours after symptoms resolve.

Bells Produce, Kaitaia 30 October 11:55 am - 12:05 pm

Self-monitor for COVID-19 symptoms for 14 days after you were exposed at this location of interest. If symptoms develop, get a test and stay at home until you get a negative test result AND until 24 hours after symptoms resolve.

Awanui Hotel 31 October 5:30 pm - 7:30 pm

Stay at home, test immediately as well as 5 days after you were exposed at this location of interest. Please continue to stay at home until you receive a negative day 5 test result.

This latest outbreak is a strong reminder for our population to be vaccinated and to be tested when appropriate.
